## Employment History

---

**Mechanical Assembly Technician** - Stewart's Electric Motor Works - Orlando, FL - Nov 2022 to Aug 2023

Played a key role in the repair of industrial machinery including AC/DC motors, generators, pumps, and gearboxes. Key responsibilities included dynamic balancing of any rotating component inside the machine, meticulous inspection and assembly of a wide range of machinery, and final bench testing of every machine before it was delivered to the customer.

**Motor and pump Specialist** - AAP Industrial - Sarasota, FL - Aug 2020 to Nov 2022

Versatile expertise in servicing a wide range of electric motors, including single-phase, three-phase, and DC motors, across various applications. Proficiency extends to a secondary specialization in centrifugal and submersible pumps.

**Master Certified Automotive Technician** - City Kia of Greater Orlando - Orlando, FL - May 2016 to July 2020

Dedicated and skilled Automotive Technician with a proven ability to analyze, troubleshoot, diagnose, and repair both mechanical and electrical faults across all systems integrated into modern vehicles. Possesses a robust understanding of electrical theory and its practical application, as well as a comprehensive grasp of Heating, Ventilation, and Air Conditioning (HVAC) theory and application.

## Education

---

**Full Stack Web Development** - University of Central Florida - Orlando, FL - Dec 2023

**Automotive Theory** - Universal Technical Institute - Orlando, FL - August 2017

## Projects

---

**Koi Invoicing** - MongoDB, Express, React, Node, Mongoose, Apollo/GraphQL, JWT - <https://github.com/jradmorrison/koi-invoicing>

**Tasty Tableau** - MySQL, Express, Handlebars, Node, Sequelize - <https://github.com/jradmorrison/tasty-tableau>

**ListyFlix** - JavaScript, HTML, CSS, 3rd party APIs - <https://github.com/ThatZiro/Listy-Flix>
